Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the examiner has considered applicants' response filed October 28, 2005 and the arguments therein. Applicants' arguments were persuasive; as such, the examiner concedes that the prior art of record fails to teach or fairly suggest a process for preparing a ketone by *simultaneously* dehydrating and hydrogenating an acyloin, as claimed herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Johann Richter can be reached on 571-272-0646. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
